

Student Activity Fee

Provides funds for student cultural and social programs.

Course Fees

Several college courses require additional fees to pay for laboratory hours and/or additional materials required for the course. All lab/materials fees are listed with courses in the Course Schedule.

Book/Material Fees

The College has partnered with Follett Bookstore to offer discounted prices for books and other required course material. The fee is included in your semester balance.

Drop Fee

A \$10.00 fee is added for each course that is dropped after the 50% period has ended.

Non-attend Fee

A fee of \$125.00 is added to each course that a student is registered for but does not attend. Once an instructor marks the student as not attending, the course is removed along with the charges and the fee is added.

Returned Check/Stop Payment Fee

Any check returned to the college by the bank on which it is drawn, for any reason, including stop payments, will incur a processing fee and in the future, the student's privilege of writing personal checks to the college may be revoked. Post-dated checks are not accepted by the college, and if returned by the bank, are subject to the returned check fee.

Identification Card Fee

Each student is issued a free ID card at the time of registration. There is a fee for replacing a lost or mutilated card.
